

Welcome to Ingólfsskáli Viking Restaurant

You'll experience some of Iceland's finest delicacies at our restaurant in a truly unique environment. The Ingólfsskáli Viking longhouse is among the largest in Iceland, and it is decorated with beautiful wood carvings, pelts, shields, and swords honoring Iceland's cultural heritage and traditions.

Our menu is inspired by the Vikings with a touch of modern culinary techniques. Seasonality and availability played a large role in the food that the Vikings could gather and harvest and equally, this informs the dishes served at different times of the year to maintain a high degree of authenticity.

We hope you'll enjoy the evening!

Christmas 2024
